Mount Auburn Hospital, a Harvard Medical School teaching hospital and member of the Beth Israel Lahey Health network serving the greater Cambridge, Massachusetts area is seeking a part-time Newborn Hospitalist to join the Department of Pediatrics. Mount Auburn Hospital cares for a diverse mix of suburban and urban patients and is characterized by an exceptional and collegial working environment.

Job responsibilities include providing inpatient care at Mount Auburn Hospital’s well-baby nursery. Join a team of 4 pediatricians who round daily on term infants, with no night-call requirements. Weekend and holiday coverage are split evenly between team members. Responsibilities include circumcisions and frenotomies, with on-the-job training available for both procedures. The nursery supports a 2400 birth OB/CNM delivery service, with 24-hour in-house neonatology coverage/support and on-site Level 2B nursery access. The ideal candidate will have a strong commitment to providing exceptional care to a diverse patient population.

We are an Equal Opportunity Employer and all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, national origin, disability status, protected veteran status, gender identity, sexual orientation, pregnancy and pregnancy-related conditions, or any other characteristic protected by law. We strongly encourage both women and minorities to apply.
